EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Anna Gavrilova on April 23 and 25, 2008.

The application has been amended as follows:

CLAIMS:

Claim 13, step (ii), line 3 after length, ----and is a fluorescently labelled or an antisense oligonucleotide,----.

Claim 15, line 2, "solid particles" has been changed to ---beads---.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: there is no prior art that teaches the claimed method. Liotta or Murphy does not teach or suggest identifying peptoid sequences after transfection has taken place. Murphy describes transfection of plasmid DNA and is not concerned with transfection of oligonucleotides. Liotta does not explicitly teach peptoids of formula I. Liotta's disclosure taken as a whole (even in combination with Murphy and Furka) would not direct one of skill in the art to the claimed method using an array. (See applicants' stipulation at pages 7-8 of the 1/16/08 REMARKS).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to T. D. Wessendorf whose telephone number is (571) 272-0812. The examiner can normally be reached on Flexitime.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, James Schultz can be reached on 571 272-0763. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
